Ref.: №369/M

The Kazakhstan National Federation of Clubs for UNESCO expresses our respect and gratitude for your active participation in the art cycle of the International Festival "The Planet of ART - 2022".

As you might know, this project is one of the key programs of the Federation and has the goal of not only developing creative potential, but also educating the younger generation in the spirit of tolerance, as well as promoting intercultural dialogue and mutual understanding. Over the past years, more than 75 thousand gifted children and teenagers have taken part in the Festival, who expressed their vision of the world through art.

In 2022, the art cycle of the International Festival "The Planet of ART" is dedicated to the theme "Heritage of the Silk Road" and takes place as part of the celebration of the Year of Children in the Republic of Kazakhstan, the 75th anniversary of the origination of the UNESCO Clubs movement and the 30th anniversary of cooperation between Kazakhstan and UNESCO. Traditionally, young artists aged 3 to 18 were invited to take part in the competition and submitted their works in desired technique in one of three nominations: «Silk Road: Cultural heritage», «Silk Road: Innovations» and «Silk Road: Friendship of nations». The project covered more than 8,000 participants from different countries and, in accordance with the qualifying round, the finalists and winners were determined.

The conclusion of the Festival will be an exciting program of the project finals and a solemn presentation of the album "Heritage of the Silk Road", which includes the best works of the finalists of the competition. The festival is traditionally held under the auspices of UNESCO, introductory articles to the 2022 album were provided by the President of the Republic of Kazakhstan, Mr. K. K. Tokayev, and the Director-General of UNESCO, Ms. Audrey Azoulay.

In this regard, **we invite the winners of the art cycle of the project "The Planet of ART - 2022" from September 29 to October 1 in Almaty city** to participate in the final of the Festival. The exciting program will include a series of master classes and plein air paintings with leading artists of Kazakhstan, an excursion, creative evenings, trainings and a final exhibition with an awards ceremony and album presentation. *The list of winners and the draft program is attached.*

Given the high status of the project and wide international coverage, **we ask you to confirm the participation of the winners from your country in the final of the art cycle of the International Festival "The Planet of ART - 2022" by September 9, 2022 through the email: [kazfuca@gmail.com](mailto:kazfuca@gmail.com).** Arrival in Almaty - September 29 until 12:00, departure - October 2 until 14:00.
